

# ENVIRONMENTAL POLICY

Saputo is one of the top ten dairy processors in the world with facilities in Canada, USA, Australia, Argentina and the United Kingdom. We produce, market and distribute a wide array of dairy products of the upmost quality, including cheese, fluid milk, extended shelf-life milk and cream products, cultured products and dairy ingredients.

Our goal is to safeguard the environment while continuing to grow as a world-class dairy processor.

For us, this means:

- meeting our compliance obligations;
- preventing pollution;
- reducing our impact on, and adapting to, climate change;
- using natural resources sustainably;
- protecting biodiversity and ecosystems;
- leveraging our capabilities as a business to create positive environmental actions.

## To achieve our goal, we commit to:

### LEADERSHIP AND RESOURCES

- ✓ Embed **strong environmental values in the leadership** of our business.
- ✓ **Dedicate resources and develop the skills** of our people.

### RESPONSIBLE ENVIRONMENTAL MANAGEMENT

- ✓ **Evaluate our impacts** on the environment to help focus our efforts on what is relevant and impactful.
- ✓ **Implement** relevant business practices and an appropriate Environmental Management System.

### CONTINUOUS IMPROVEMENT

- ✓ **Systematically measure and monitor** our performance.
- ✓ **Continually develop and improve** our Environmental Management System and associated business processes.

### STAKEHOLDER ENGAGEMENT

- ✓ **Engage with our supply chain partners** to develop sustainable solutions in areas where we can add the most value.
- ✓ **Communicate** our performance to drive engagement that will support the long-term objectives outlined by The Saputo Promise.
