VOTING INFORMATION

SOLICITATION OF PROXIES

This Circular is furnished in connection with the solicitation by the management (the "Management") of SAPUTO INC. (the "Company") of proxies which will be used to vote at the Annual Meeting (the "Meeting") of the holders of common shares of the Company (the "Common Shares") to be held on August 6, 2013, at the time and place and for the purposes set forth in the foregoing Notice and at any adjournment thereof.

The solicitation of proxies will be made primarily by mail. However, the Management of the Company (through employees or agents) may solicit proxies at a nominal and customary cost by telephone, email or by personal interview. The Company will reimburse brokers and other persons holding shares for others for their reasonable expenses for sending proxy material to beneficial owners in order to obtain voting instructions. The Company will bear all expenses in connection with the solicitation of proxies.

APPOINTMENT OF PROXY HOLDERS

The persons whose names are printed on the enclosed form of proxy are directors or executive officers of the Company. **Every holder of Common Shares has the right to appoint a person (who need not be a shareholder), other than those whose names are printed on the form of proxy, to act on his or her behalf at the Meeting. To exercise this right, the holder of Common Shares must insert his or her nominee's name in the blank space provided for such purpose in the form of proxy or prepare another proxy in proper form.**

VOTING BY PROXY

The persons whose names are printed on the enclosed form of proxy will vote all the shares in respect of which they are appointed to act in accordance with the instructions indicated on the form of proxy. **If the form of proxy does not provide for any instructions, these persons will vote in favour of the proposals made by the Management of the Company.**

Every proxy given to any of the persons named in the form of proxy confers discretionary authority with respect to amendments or variations to the matters identified in the Notice and with respect to any other matter that may properly come before the Meeting.

In order to be voted at the Meeting, a proxy must be received by the Secretary of the Company at least 48 hours prior to the Meeting or any adjournment thereof.

REVOCATION OF PROXIES

A proxy may be revoked at any time by the person giving it, to the extent that it has not already been exercised. A proxy may be revoked by filing a written notice with the Secretary of the Company, provided this notice is received no later than the business day preceding the Meeting. The powers of the proxy holders may also be revoked if the holder of Common Shares attends the Meeting in person and so requests by depositing such written notice with the Chairman of the Meeting.

VOTING REQUIREMENT

A simple majority of the votes cast, in person or by proxy, will constitute approval of the matters to be adopted at the Meeting.

NON-REGISTERED SHAREHOLDERS

Shareholders who do not hold their shares in their own name, also known as non-registered holders or beneficial holders (the "Beneficial Holders"), should note that only registered holders or the persons they appoint as their proxies are authorized to attend and vote at the Meeting or any adjournment thereof.

If the Common Shares appear in an account statement sent to a shareholder by an intermediary, such as, among others, brokers, banks, trust companies and trustees or administrators of self administered RRSPs, RRIFs, RESPs and similar plans, or are registered in the name of a clearing agency of which the intermediary is a participant, such Common Shares are most probably not registered in the name of the shareholder. **As a result, each Beneficial Holder must ensure that their voting instructions are communicated to the appropriate person well before the Meeting or any adjournment thereof.**

Pursuant to National Instrument 54-101— "Communication with Beneficial Owners of Securities of a Reporting Issuer" — brokers and other intermediaries are required to request voting instructions from Beneficial Holders prior to shareholders' meetings. Brokers and other intermediaries have their own procedures for sending materials and their own guidelines for the return of documents; Beneficial Holders should follow these instructions carefully if the voting rights carried by their Common Shares are to be cast at the Meeting. In Canada, brokers often use service companies, such as Broadridge Financial Solutions Inc. ("Broadridge") or Computershare Investor Services ("Computershare") to forward meeting materials to non-registered holders and to obtain their clients' instructions. Beneficial Holders who receive a voting instruction form from Broadridge or Computershare may not use the said form to vote directly at the Meeting. If you have questions on how to exercise voting rights carried by Common Shares held through a broker or other intermediary, please contact the broker or intermediary directly.

Although a Beneficial Holder will not be recognized at the Meeting for the purpose of directly exercising the voting rights carried by the Common Shares registered in the name of his broker (or a representative thereof), he or she may attend the Meeting as proxy for the registered holder and, in such capacity, exercise the voting rights carried by such Common Shares by following the instructions to such effect provided by the broker or intermediary.

Unless otherwise indicated in this Circular, the form of proxy and the notice of Meeting attached hereto, shareholders shall mean registered holders.

VOTING SHARES AND PRINCIPAL HOLDERS OF VOTING SHARES

The Common Shares are the only securities of the share capital of the Company which carry voting rights. As of May 24, 2013, the Company had 196,871,790 Common Shares outstanding. Each Common Share entitles its holder to one vote.

Only holders of Common Shares of record at 5:00 p.m. on June 14, 2013, will be entitled to receive the Notice and to exercise the voting rights attached to the Common Shares in respect of which they are so registered at the Meeting, or any adjournment thereof, if present or represented by proxy.

To the knowledge of the Company's directors and executive officers, on May 24, 2013, the only persons or companies who or which owned of record or beneficially, or exercised control or direction over, directly or indirectly, 10% or more of the issued and outstanding Common Shares were the following:

(1) Gestion Jolina Inc. is a holding company controlled by Mr. Emanuele (Lino) Saputo.

All nominees have established their eligibility and willingness to serve as directors if elected to office. COMPENSATION OF DIRECTORS

The Company's compensation policy for non-employee directors aims to attract and retain qualified individuals, taking into consideration the risks and responsibilities as directors. The Corporate Governance and Human Resources Committee (the "Corporate Governance and HR Committee") is responsible for reviewing annually the compensation policy regarding directors of the Company. For fiscal 2013, the Corporate Governance and HR Committee decided not to conduct a new detailed compensation review and compared its director compensation practices to a comparative group used in prior years, which was established in 2008 (the "Director Comparative Group"), composed of companies based in Canada and comprising 11 companies operating in the agri-food, distribution and retail sectors, and 12 other manufacturing companies.

Director Comparative Group	
Agrium Inc.	Martinrea International Inc.
Alimentation Couche-Tard Inc.	Metro Inc.
Canada Bread Company, Limited	Molson Coors Brewing Company
Canadian Tire Corporation, Limited	Potash Corporation of Saskatchewan Inc.
Cascades Inc.	Research in Motion (RIM) Limited
Cott Corporation	RONA Inc.
Domtar Corporation	Russel Metals Inc.
Enbridge Inc.	Tim Hortons Inc.
Finning International Inc.	Toromont Industries Ltd.
Gerdau Ameristeel Corporation	Transcontinental Inc.
Linamar Corporation	Viterra Inc.
Maple Leaf Foods Inc.	

Based on this annual review, the compensation of directors was determined to be competitive with the third quartile of the compensation offered to directors of the companies forming part of the Director Comparative Group. The Corporate Governance and HR Committee therefore recommended to the Board that no change be made to the compensation offered to the Company's directors for fiscal 2013.

The following table sets out the fees paid to directors in fiscal 2013, in cash or in the form of DSUs, as per the compensation policy and the DSU Plan:

Annual fee	
Chairman of the Board	\$ 500,000
Lead Director	\$ 80,000
Other directors	\$ 55,000

Annual DSU grant	
Lead Director	3,000 DSUs
Chairman of the Audit Committee	3,000 DSUs
Other directors	2,000 DSUs

Deferred Share Unit Plan for Directors

The Company has a DSU plan (the “DSU Plan”) for its directors. A DSU is a fully-vested phantom share of the Company with the same value as one Common Share, but does not qualify as a share of the Company and, therefore, does not confer rights normally granted to shareholders. Each DSU vests upon award and entitles directors to receive a cash payment for the value of the DSUs they hold on the last business day of the calendar year, following the calendar year in which they cease to be members of the Board, unless they choose an earlier date upon ceasing to be members of the Board. The DSU Plan provides directors with an ongoing stake in the Company in line with the value of the Common Shares for the duration of their mandate.

Pursuant to the ownership policy adopted by the Board, all directors of the Company shall, at all times, while directors, own a number of shares and/or DSUs having a total market value of at least \$150,000, calculated on April 1st of each year. Each director is required to comply with this policy within three years following his/her appointment as a director of the Company, and throughout his/her term as director. Pursuant to the DSU Plan, each director who does not meet the minimum value of \$150,000 must receive his or her entire compensation in DSUs. As of June 5, 2013, all directors complied with the minimum ownership requirement.

THE BOARD MANDATE

The mandate of the Board is to supervise the management of the business and affairs of the Company. In order to better fulfil its mandate, the Board has formally acknowledged its responsibility for, among other matters, (i) reviewing, at least once per year, the Company's strategic orientation and the plans established with respect thereto; (ii) identifying, with Management, the principal risks of the Company's business and the systems put in place to manage these risks; (iii) to the extent feasible, satisfying itself as to the integrity of the Chief Executive Officer of the Company and other senior officers, and to create a culture of integrity throughout the Company; (iv) ensuring proper Management succession planning, including appointing, training and monitoring senior Management; (v) maintaining a proper communication policy with shareholders, institutional investors and participants in the financial market; (vi) overseeing the integrity of internal control and management information systems; and (vii) developing the Company's approach to corporate governance, including developing a set of corporate governance principles and guidelines specifically applicable to the Company. The Board has taken, when necessary, specific measures in this respect. Some of these duties were delegated to the Corporate Governance and HR Committee and to the Audit Committee. A copy of the mandate of the Board is reproduced in Schedule "A" of this Circular.

At the beginning of every fiscal year, the Board meets with Management in order to discuss the strategic plan prepared by Management. The Board reviews the fiscal year then ended and the budgets for the upcoming fiscal year, including required capital expenditures, in order to achieve growth and the objectives set by Management. It also reviews the competitive and regulatory environment in which the Company operates in order to identify risks and opportunities. The Board then reviews, on a quarterly basis, the Company's results and accomplishments against the objectives set in the strategic plan.

The Chief Executive Officer has the responsibility to keep the Board informed of all important developments that may impact the Company or its industry.

COMPOSITION AND INDEPENDENCE OF THE BOARD

The Board is currently made up of 11 directors, nine of whom have no participation, relationship or business ties with the Company, its subsidiaries or principal shareholder, which would affect the status of such member as an independent member under the definition of National Instrument 52-110—“Audit Committees”, the whole as disclosed hereafter. With the election of one new nominee at the Meeting, the Board would remain composed of nine independent directors. In determining the status of independent directors, the Corporate Governance and HR Committee has — based, among other things, on information provided by the directors by way of a questionnaire — identified those directors who have no direct or indirect relationship with the Company or any of its subsidiaries that could, in the view of the Corporate Governance and HR Committee, reasonably be expected to interfere with the exercise of a director’s independent judgment, the whole as defined in National Instrument 58-101—“Disclosure of Corporate Governance Practices” — and National Instrument 52-110—“Audit Committees”. These determinations as to independence of the directors are reviewed and approved by the Board. The Company is of the opinion that the presence of nine independent directors more than adequately reflects the investment of minority shareholders in the Company.

- As the executive Chairman of the Board of the Company, Mr. Emanuele (Lino) Saputo is not an independent director.
- As Chief Executive Officer of the Company, Mr. Lino A. Saputo, Jr. is not an independent director.
- Mr. Lucien Bouchard is an independent director.
- Mr. Pierre Bourgie is an independent director.
- Mr. Henry E. Demone is an independent director.
- Mr. Anthony M. Fata is an independent director.
- Ms. Annalisa King is an independent director.
- Mr. Tony Meti is an independent director.
- Mrs. Caterina Monticciolo is an independent director.
- Mrs. Patricia Saputo is an independent director.
- Ms. Annette Verschuren is an independent director nominee.

Throughout his mandate, Mr. Dottori, who is not standing for re-election, has been an independent director.

The independent directors have the opportunity to meet without Management and without the Chairman of the Board following each Board meeting.

INDEPENDENT DIRECTORS’ MEETINGS

The independent members of the Board have an opportunity to meet *in camera* with the Lead Director and without Management and the non-independent directors after each Board meeting and committee meeting. During fiscal 2013, five such meetings were held. The Corporate Governance and HR Committee and the Audit Committee are composed solely of independent members and, respectively, held five and seven meetings without Management during fiscal 2013.

CHAIR AND LEAD DIRECTOR

The Corporate Governance and HR Committee has been delegated by the Board the authority to administer all procedures required so that the Board functions independently of Management.

The positions of Chairman of the Board and Chief Executive Officer are separate. The principal shareholder of the Company and its founder, Mr. Emanuele (Lino) Saputo, holds the position of Chairman of the Board. Mr. Lino A. Saputo, Jr. holds the positions of Chief Executive Officer and Vice Chairman of the Board. The experience and expertise of Mr. Emanuele (Lino) Saputo in the sectors in which the Company is engaged benefit all members of the Company's Management and the Board. However, as the position of Chairman of the Board is held by a member who is not independent, the Board appoints a Lead Director. On August 1, 2012, Mr. Pierre Bourgie was appointed Chairman of the Corporate Governance and HR Committee and Lead Director following Mr. André Bérard's departure from the Board. The responsibilities of the Lead Director include: ensuring that the Board is able to function independently of Management, setting Board agendas with the Chairman of the Board, overseeing the quality of the information sent to directors, calling and chairing the meetings of independent directors, and reviewing any comments or requests made by an independent director. The Lead Director is elected annually by a vote of the directors who qualify as independent directors.

COMMITTEES

The Company currently has two committees: the Corporate Governance and HR Committee, and the Audit Committee, both of which are composed exclusively of independent directors.

In certain circumstances, it may be appropriate for an individual director to engage an outside advisor at the expense of the Company. The Corporate Governance and HR Committee has the mandate to determine if the circumstances warrant the hiring of an outside advisor. In addition, both committees have the right to hire outside advisors in order to assist them in fulfilling their mandate.

POSITION DESCRIPTIONS

As described above, the mandate of the Board defines the roles and responsibilities of the Board and Management. In addition, the Board has developed position descriptions for the Chief Executive Officer, the Chairman, the committee Chairs and the Lead Director.

The committee Chair position description sets out the responsibilities and duties of the Chair in guiding each committee in the fulfillment of its duties.

The position description for the Chief Executive Officer is developed with input from the Chief Executive Officer and the Corporate Governance and HR Committee, and is approved by the Board. The description provides that the Chief Executive Officer plans and oversees development of short-term and long-term organizational goals, fosters development and maintenance of the organizational culture with a view to maximizing the Company's performance, and assumes the entire responsibility for the Company's business pursuant to existing strategic plans, business goals, budgets and policies.

In addition, the Corporate Governance and HR Committee reviews and approves corporate goals and objectives that the Chief Executive Officer is responsible for meeting each year. The Corporate Governance and HR Committee also conducts an annual assessment of the Chief Executive Officer's performance in relation to those objectives and reports the results of the assessment to the Board.

CORPORATE GOVERNANCE AND HUMAN RESOURCES COMMITTEE

The Corporate Governance and HR Committee is composed of three members of the Board: Messrs. Pierre Bourgie, who is the Chairman of this committee, Lucien Bouchard and Henry E. Demone, all of whom are independent directors. Reference is made to the section entitled "Executive Compensation" under the heading "Role and Composition of the Corporate Governance and HR Committee" for more information on the skills and experience of the members of such committee and its responsibilities as a compensation committee.

The Corporate Governance and HR Committee has the mandate to (i) review and approve the executive compensation policy of the Company; (ii) review the Company's corporate governance practices and make recommendations to the Board with respect thereto; (iii) ensure proper Management succession planning for the Company and make recommendations to the Board with respect thereto; (iv) implement a process to assess, on an annual basis, the performance of the Chief Executive Officer, and periodically, the performance of the Board, its committees and the directors, individually; (v) review the compensation of the directors in their capacity as directors, including the review of the requirements regarding the minimal number of shares and/or DSUs each director must hold, and make recommendations to the Board with respect thereto; (vi) implement a uniform and transparent process for selecting nominees for election to the Board and recruiting new candidates for Board membership, and make recommendations to the Board with respect thereto; and (vii) present quarterly reports to the Board with respect to its achievements and current projects. During fiscal 2013, the Corporate Governance and HR Committee held seven meetings, five of which were followed by a meeting where Management was not present.

AUDIT COMMITTEE

The Audit Committee is composed of four members of the Board, Ms. Annalisa King and Messrs. Frank A. Dottori, Anthony M. Fata and Tony Meti, who is the Chairman of this committee, all of whom are independent and financially literate. The Audit Committee has the mandate to (i) review the annual and quarterly financial statements of the Company and certain other public disclosure documents required by regulatory authorities; (ii) review and adopt the annual audit plan prepared by the external auditors and oversee their work, including the appropriateness of the accounting principles and practices used by the Company; (iii) monitor periodically the adequacy and the effectiveness of the internal control systems of the Company; (iv) approve all services not related to audit services which the external auditors may render to the Company and its subsidiaries, subject to the policy of the Company on services which may be provided by the Company's external auditors and by other accounting firms; (v) oversee and control the internal audit function; (vi) review and approve the annual internal audit plan; (vii) oversee the application of the Company's procedure regarding complaints of an auditing or accounting nature; (viii) examine, approve and apply the Company's hiring policy with respect to employees and former employees of the current and former auditors of the Company; (ix) review and evaluate the risk factors inherent to the Company's business and ensure that appropriate measures are in place to manage them effectively; and (x) present quarterly reports to the Board with respect to its achievements and current projects. The

Audit Committee's charter is published in the Annual Information Form of the Company under Appendix A. During fiscal 2013, the Audit Committee held seven meetings, all of which were followed by meetings where Management was not present.

Through its Audit Committee, the Board identifies the principal risks relating to the Company's business, ensures the implementation of appropriate systems to manage these risks and receives regular reports from Management on these matters. Please refer to page 21 of the Management's Discussion and Analysis contained in the Annual Report under the heading "Risks and Uncertainties" for a list of the principal risks relating to the Company's business. The Audit Committee, which reports to the Board, is responsible for ensuring the adequacy and the effectiveness of the Company's internal control systems. The Audit Committee regularly meets with the Executive Vice President, Finance and Administration, and Secretary, and the external auditors in order to examine issues pertaining to the presentation of financial information, accounting practices, upcoming accounting norms, internal accounting systems, as well as financial controls and procedures, auditing procedures and programs. The Audit Committee also reviews and monitors the practices and procedures relating to the certifications by the Chief Executive Officer and the Chief Financial Officer with respect to financial disclosures, and internal controls and procedures over financial reporting, to ensure compliance with applicable securities legislation. In the exercise of its mandate, the Audit Committee meets quarterly with the internal audit director of the Company, with and without Management.

For additional information on the Audit Committee, reference is hereby made to pages 36 to 38 of the Annual Information Form of the Company for the year ended March 31, 2013. Copy of this document can be found on SEDAR at www.sedar.com or by contacting the Secretary of the Company at its head office, 6869 Métropolitain Boulevard East, Saint-Léonard, Québec H1P 1X8, Telephone: 514-328-6662.

COMPENSATION

The Corporate Governance and HR Committee evaluates annually, as per its mandate and in line with its work plan, the compensation of the directors and officers in their respective capacity in light of the practices of the market, as well as the risks and responsibilities associated with carrying out their duties. Reference is made to sections entitled "Executive Compensation" and "Compensation of Directors" for additional information on executive and director compensation, respectively.

ASSESSMENT OF THE BOARD OF DIRECTORS, COMMITTEES AND DIRECTORS

Pursuant to the Company's formal periodic evaluation process, Board members complete an effectiveness survey as to the performance of the Board, its committees and the individual performance of each Board member. These surveys are submitted on a confidential basis and are reviewed by the Chairman of the Corporate Governance and HR Committee. The survey completed by the Chairman of the Corporate Governance and HR Committee is submitted to a member of this committee mandated by the other members. The Chairman of the Corporate Governance and HR Committee meets each Board member individually in order to discuss the surveys and also meets the member of the Corporate Governance and HR Committee responsible for his assessment.

A global evaluation of the performance of the Board, its committees and Board members is presented to the Board by the Chairman of the Corporate Governance and HR Committee. The

evaluation of the Board and the committees takes into account their responsibilities as set forth in their respective mandates, and the evaluation of the directors for whom a position description has been established (see “Position Descriptions”) takes into account their responsibilities as set forth therein. The evaluation also takes into consideration the competencies, qualifications, knowledge and experience present within the Board, and those that should be developed and/or acquired. At all times, Board members are free to discuss among themselves the performance of a fellow director, or submit such a matter to the Chairman of the Corporate Governance and HR Committee, who ensures the implementation of appropriate measures to deal with any concern regarding the effectiveness of the Board and its various committees. As Board members are elected annually, the Corporate Governance and HR Committee takes into account each director’s performance when recommending to the Board nominees for election of Board members at the next annual general meeting of shareholders and when recommending the composition of the committees, as well as their Chairmen for approval by the Board.

ORIENTATION AND CONTINUING EDUCATION

The Board considers that orienting and educating new directors, as well as maintaining and continuing the education of current directors, is an important element to ensure responsible corporate governance. The Corporate Governance and HR Committee is responsible for maintaining the orientation and continuing education program.

With respect to newly appointed directors, they are provided with the Company’s continuous disclosure documents, copies of the mandate of the Board and its committees, minutes of previous meetings of the Board and copies of the policies and procedures adopted by the Board and its committees. In addition, new directors have the opportunity to meet individually with at least one member of Management to discuss these documents, the Company’s sectors of activity, its competitive and regulated environment, as well as its business and operational strategies. New directors also have the opportunity to visit a Company facility as part of the orientation program.

With respect to current directors, the continuing education program was developed to assist them in maintaining their skills and abilities, as well as updating their knowledge and understanding of the Company and its industry. The Chairman of each committee of the Board presents, at the quarterly Board meetings, a summary of the achievements and current projects of his committee. Directors also meet with members of Management to discuss the affairs of the Company, the continuous disclosure documents, sectors of activity of the Company, its competitive and regulated environment, as well as its business and operational strategies. In addition, educational presentations are periodically given to the committees and the Board, as the case may be, on matters that are of interest to them or which relate to their role as directors. Moreover, members of the Board are invited to attend the Company’s meeting of shareholders and periodically visit certain Company facilities. Board members also hold a strategic planning meeting annually with Management. Finally, each Board member is invited to address to the Corporate Governance and HR Committee any request he or she may have regarding additional information or education. The Corporate Governance and HR Committee reviews such requests and takes the measures it deems appropriate.

NOMINATION OF DIRECTORS

The Corporate Governance and HR Committee, which is composed entirely of independent directors, is responsible for (i) the implementation of a uniform and transparent process for selecting nominees for election to the Board and the recruitment of new candidates for Board membership, and making recommendations to the Board with respect thereto; and (ii) the implementation and application of a process to assess periodically the effectiveness of the Board, its committees and the individual performance of each Board member.

For the selection of nominees for election to the Board of the Company, the Corporate Governance and HR Committee adopted a process which takes into consideration (i) what competencies and skills the Board, as a whole, should possess; (ii) what competencies and skills each existing director possesses; (iii) what competencies and skills the Board, as a whole, possesses; and (iv) the individual performance of each director. The Corporate Governance and HR Committee also assesses any concerns relating to potential conflict, independence or time commitment that each nominee may present. Based on this analysis, which is completed at least annually, the Corporate Governance and HR Committee recommends to the Board the candidates proposed for election to the Board at the next meeting of shareholders.

This assessment also allows the identification, *inter alia*, of competencies and skills that the Board should consider if and when a new director will be added to the Board. In fiscal 2013, a recruitment firm was retained to help identify potential candidates who could be proposed for election if and when the need would arise. Candidates were identified based on the skills sought and requirements established, as well as their interest, availability and suitability. Interviews were conducted by a designated member of the Corporate Governance and HR Committee, and by the Vice Chairman of the Board. A recommendation was thereafter made to the Corporate Governance and HR Committee, which then reviewed the candidacy of certain individuals. Following Mr. Dottori's decision to not renew his mandate as director, the Corporate Governance and HR Committee recommended Ms. Verschuren to the Board. For more information, see the section entitled "Election of Directors".

MAJORITY VOTING POLICY

The Board believes that each of its members should carry the confidence and support of the shareholders. Therefore, in addition to the individual voting process implemented several years ago, the Board adopted, in April 2011, a majority voting policy. Pursuant to this policy, any nominee for election as a director at a shareholders' meeting for whom the number of votes withheld exceeds the number of votes in favour will be deemed not to have received the support of shareholders and will tender his or her resignation to the Chairman of the Board promptly following the meeting. The Corporate Governance and HR Committee shall consider whether or not the proposed resignation should be accepted and shall make a recommendation to the Board. In this regard, any director who tenders his or her resignation pursuant to this policy shall not participate in the deliberations of the Corporate Governance and HR Committee or in those of the Board. The Board will make its decision within 90 days following the shareholders' meeting and shall promptly disclose, via press release, its decision whether or not to accept the director's proposed resignation. Should the Board decline to accept such resignation, it should include in the press release the reasons for the decision. This policy applies only to uncontested elections, meaning elections where the number of nominees for director is equal to the number of directors to be elected as determined by the Board.

BOARD SIZE

After reviewing its size, the Board determined that a board of nine to 11 directors is appropriate for decision-making purposes.

ETHICAL BUSINESS CONDUCT

The Company has a *Code of Ethics* that governs the conduct of its directors, officers and employees. The *Code of Ethics* can be obtained on SEDAR at www.sedar.com. The Corporate Governance and HR Committee is responsible for the compliance process relating to the *Code of Ethics* and for the reporting process to the Board with respect thereto. Pursuant to the process implemented, Management is required to report to the Corporate Governance and HR Committee, on an annual basis, any non-compliance by managers of the Company, except for any non-compliance by executive officers, which is required to be reported promptly to the Corporate Governance and HR Committee. Compliance with the *Code of Ethics* by employees who do not qualify as managers of the Company is handled by the Company's Human Resources Department.

The *Code of Ethics* includes a section on conflicts of interest, and a statement that must be completed and signed by all employees, including senior executives, as well as all directors, requiring any potential, apparent or real conflict of interest involving the employee or director to be reported.

In accordance with applicable law, when a conflict of interest involving a director arises, the director has the obligation to disclose such conflict of interest and abstain from voting on the matter. The Corporate Governance and HR Committee rules on questions concerning conflicts of interest.

The Board has also adopted whistleblowing procedures, which allow officers and employees who have any complaint or concern regarding accounting, internal accounting controls or auditing matters to be reported on a confidential and anonymous basis. Complaints can be made via e-mail or mail to the Chairman of the Audit Committee, who is responsible for overseeing the whistleblowing procedures.

COMMUNICATION POLICY

The Audit Committee is responsible for the review of the annual and quarterly financial statements of the Company and all other continuous disclosure documents required by regulatory authorities, all of which are approved by the Board before mailing. The Board is responsible for maintaining a proper communication policy with shareholders, institutional investors and participants in the financial market. In order to maintain high standards regarding disclosure issues, the Board maintains a disclosure policy. The purpose of the disclosure policy is to ensure that communications to the investing public are timely, consistent and accurate, and that the information is disseminated in compliance with all applicable requirements of the TSX and securities regulatory authorities.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

Role and Composition of the Corporate Governance and HR Committee

The Corporate Governance and HR Committee is composed of three independent directors, Messrs. Pierre Bourgie, who is the Chairman of the committee, Lucien Bouchard and Henry E. Demone. Each member has direct experience that is relevant to his responsibilities in executive compensation. More specifically, Messrs. Bourgie and Demone have held executive management positions as Chief Executive Officers of organizations with oversight over human resources functions. Mr. Bouchard has practiced labour law, and has experience in negotiating and establishing compensation packages. Messrs. Bourgie and Bouchard also have experience as members of human resources and compensation committees of other public companies. In connection with their responsibilities, all members have implemented, managed and/or provided advice on compensation policies and practices. As a result, the members of the Corporate Governance and HR Committee collectively have the relevant skills and experience necessary to enable the Committee to make decisions as to the suitability of the Company's compensation policies and practices. Reference is made to the section entitled "Election of Directors" for more information on the members' biographies.

As stated above under the section entitled "Corporate Governance and Human Resources Committee", part of the Committee's functions is to act as a compensation committee. As such, the Committee is responsible for (i) reviewing and approving the executive compensation policy; (ii) establishing the annual performance targets used in relation with the annual incentive (bonus); (iii) determining long-term incentive grants under the Company's compensation plans and establishing their terms, including, where applicable, performance criteria; and (iv) assessing the risks associated with the Company's compensation policies and practices.

The Corporate Governance and HR Committee reviewed the Company's compensation policies and practices for fiscal 2013, taking into account risks associated therewith. The Committee has not identified any risks associated with the Company's compensation policies and practices that are reasonably likely to have a material adverse effect on the Company. The significant risks and uncertainties which could affect the Company are disclosed in the Management Discussion and Analysis accompanying the Company's financial statements. None of these risks relates to compensation policies and practices. See "Additional Information".

In the context of assessing risks related to compensation practices and policies, the Corporate Governance and HR Committee considered or adopted, as applicable, the following practices and policies, among others, which contribute to the philosophy of refraining from taking inappropriate or excessive risks: (i) the compensation structure includes a fixed portion (base salary) which is competitive and provides a regular income stream unrelated to the share price; (ii) the variable portion is composed of both a short-term incentive (bonus) and long-term incentives (options and performance share units ("PSUs")); (iii) payments under the short-term incentive (bonus), based on the achievement and overachievement of financial performance targets of the Company, are capped; (iv) the options portion of the long-term incentive vests over five years; (v) the performance criteria for the PSU portion of the long-term incentive is set at the beginning of the relevant three-year performance cycle and the PSUs vest at the end of the cycle provided the performance criteria is met; (vi) a share ownership policy provides that executives must hold a minimum number of

Common Shares; (vii) rules of conduct prohibit insiders, including directors and named executive officers (“NEOs”), from selling short, or buying any put or call options with respect to the securities of the Company, and also prohibit the purchase of financial instruments designed to hedge or offset a decrease in market value of the Company’s securities.

The share ownership policy requires minimum levels of share ownership, based on each executive’s position and salary. NEOs are required (the “Executive Minimum Ownership Requirement”), within five years from the date of their appointment (the “Attainment Date”), and throughout his/her employment with the Company, to own Common Shares having an aggregate value equal to one time his or her annual base salary as of the Attainment Date.

For the purposes of assessing ownership levels, Common Shares are valued at the closing price of the Common Shares on the TSX on the last trading date immediately preceding the date that share ownership levels are assessed. Once the Executive Minimum Ownership Requirement is met at a given date, any subsequent market variation in the value of the Common Shares will not be taken into consideration. As of June 5, 2013, all NEOs complied with the Executive Minimum Ownership Requirement.

Executive Compensation Policy Objective

The Company’s executive compensation policy aims to attract and retain competent individuals and motivate them to optimize value for the Company’s shareholders. The compensation policy is designed to be competitive, to stimulate profitable return on investments and long-term growth.

The Corporate Governance and HR Committee is responsible for reviewing and monitoring the executive compensation policy, including determining the compensation elements and the compensation mix to balance the executives’ focus on short-term and long-term objectives. The Company’s compensation policies and practices are designed to adequately reward executive officers for their services, and to encourage them to establish short-term and long-term strategies aimed at increasing share value and creating economic wealth. The Company’s compensation strategy therefore places the emphasis on compensation elements linked to performance, including share value through option and PSU grants.

Reference is made to the section entitled “Elements of Executive Compensation” for additional information on the components of executive compensation and the relative weight of fixed and variable compensation elements.

Decision Making Process and Compensation Consulting Services

PCI-Perrault Consulting Inc. (“Perrault Consulting”), an independent compensation consulting firm, has been retained by the Corporate Governance and HR Committee for over the past ten years for advice relating to the competitiveness and appropriateness of the compensation programs of the Company’s executives and directors.

The services include advice on compensation policies and practices, including base salaries, and short and long-term incentive programs. In providing such advice, Perrault Consulting also assists the Committee in the selection of the comparative groups, provides information on the benchmarking of executive compensation with the comparative groups and provides observations and recommendations with respect to the composition and design of the compensation elements.

For fiscal 2013, Perrault Consulting was retained to provide assistance with a full review of all elements relating to executive compensation but did not provide services with respect to the compensation of directors. The table below sets forth the fees incurred by the Company in connection with services provided by Perrault Consulting in fiscal 2012 and fiscal 2013. During such years, Perrault Consulting was not retained to perform other work for the Company. No mandate is given to Perrault Consulting unless approved by the Corporate Governance and HR Committee.

Executive Compensation-Related Fees		
Fiscal Year	Executive Compensation-Related Fees	All Other Fees
2013	\$33,011	N/A
2012	\$100,631	N/A

For fiscal 2013, the Committee met with the Executive Vice President, Human Resources, to discuss compensation matters and conducted a full review of all elements relating to executive compensation. The Committee considered, among other things, market compensation and trend data provided by Perrault Consulting regarding the compensation levels for executive officers with similar responsibilities in the comparative groups, and also considered recommendations provided by Perrault Consulting for executive compensation for fiscal 2013. Following discussions with the Executive Vice President, Human Resources, the Committee approved, in March 2012, the fiscal 2013 compensation packages for the executives, and provided a report to the Board at its next meeting.

In connection with executive compensation, the Committee also benefits from the involvement of the Executive Vice President, Finance and Administration, and Secretary, and other executive officers who are involved in the preparation of the financial budgets which are recommended to the Board for approval and form the basis for the financial performance targets on which the bonuses are established. The Executive Vice President, Finance and Administration, and Secretary also oversees the financial, accounting, legal and regulatory aspects of the Equity Compensation Plan and the performance share unit plan (the "PSU Plan") including maintaining a record of the options and PSUs granted, vested, exercised, paid-out, and cancelled, as the case may be, and filing insider reports and other reports with the regulatory authorities. The Executive Vice President, Human Resources also assists in the administration of the Equity Compensation Plan and the PSU Plan. Any proposed modifications to the annual incentive (bonus) plan, the Equity Compensation Plan and the PSU Plan are discussed with the Chief Executive Officer, and then with the Corporate Governance and HR Committee. Amendments to the Equity Compensation Plan are submitted for approval to the Board and, when required, to the shareholders. Amendments to the PSU Plan are submitted to the Committee for approval.

Comparative Groups

For fiscal 2013, as part of its complete review of executive compensation, the Committee reviewed with Perrault Consulting the composition of the comparative groups used during prior years and determined that they no longer reflected the size of the Company and the geographic market in which it operates. After considering various alternatives and discussing them with Perrault Consulting and executive officers, the Committee decided on the composition of the comparative groups set forth below, which were used to determine all aspects of executive compensation for fiscal 2013.

When establishing the new comparative groups, the Committee considered the size, financial performance and market capitalization of the companies, as well as their sectors of activity. The 2013 Canadian Comparative Group (the “2013 CDN Comparative Group”) is composed of seven companies in the agri-food sector and three companies in the retail distribution and sales sector of the food industry, and the 2013 US Comparative Group is composed of ten companies in the food industry. The Committee believes that the new comparative groups better reflect the size of the Company, the geographic markets in which it operates and the responsibilities of its executive officers:

2013 CDN Comparative Group	2013 US Comparative Group
Agrium Inc.	Campbell Soup Company
Alimentation Couche-Tard Inc.	Ingredion Incorporated
Canada Bread Company, Limited	Dr. Pepper Snapple Group, Inc.
Cott Corporation	H.J. Heinz Company
George Weston Limited	Hormel Foods Corporation
Maple Leaf Foods Inc.	The J.M. Smuckers Company
Metro Inc.	Ralcorp Holdings, Inc.
Molson Coors Brewing Company	Sara Lee Corp.
Tim Hortons Inc.	The Hershey Company
Viterra Inc.	United Natural Foods, Inc.

For fiscal 2013, a combined group (the “2013 Combined Group”) using a weighting of 60% / 40% between the 2013 CDN Comparative Group and the 2013 US Comparative Group, respectively, was used to benchmark the compensation of executives with corporate-wide functions in order to better reflect the international scope of the Company’s activities and the source of its revenues. The 2013 CDN Comparative Group and the 2013 US Comparative Group were each used for positions in their respective markets, such as divisional presidents.

The following chart identifies the NEOs for fiscal 2013 and the comparative group used to benchmark their fiscal 2013 compensation.

Name	Position	Comparative Group Used for Base Salary and Total Compensation	Comparative Group Used for Annual and Long-Term Incentive Opportunities
Lino A. Saputo, Jr.	Chief Executive Officer	2013 Combined Group	2013 Combined Group
Louis-Philippe Carrière	Executive Vice President, Finance and Administration, and Secretary	2013 Combined Group	2013 Combined Group
Dino Dello Sbarba	President and Chief Operating Officer	2013 Combined Group	2013 Combined Group
Terry Brockman	President and Chief Operating Officer Cheese Division (USA)	2013 US Comparative Group	2013 Combined Group
Lorenzo Spinelli	President and Chief Operating Officer Dairy Division (Canada)	2013 CDN Comparative Group	2013 Combined Group

ELEMENTS OF EXECUTIVE COMPENSATION

For fiscal 2013, the compensation for the executive officers of the Company, including the NEOs, consisted of the following:

- Base salary;
- Annual incentive (bonus);
- Long-term incentive plans (options and PSUs); and
- Retirement benefits (discussed under the section “Defined Benefit Pension Plan” of this Circular).

Executives also benefit from the Company’s group insurance plans on the same basis as all other employees. None of the NEOs have a written employment contract with the Company.

The following table presents the key components of executive compensation, whether such components represent fixed or variable compensation, their form and performance period:

Executive Compensation			
Component	Type	Form	Performance Period
Base salary	Fixed	Cash	One year
Annual incentive (bonus)	Variable	Cash	One year
Long-term incentive (options)	Variable	Stock options	Vesting over five years, ten-year term
Long-term incentive (PSUs)	Variable	PSUs	Performance cycle of three years

When establishing executive compensation, the Corporate Governance and HR Committee's objective is to target the third quartile of the compensation offered by the companies forming part of the relevant comparative group.

The Committee's objective is also to provide adequate balance between components representing fixed and variable compensation in order to place the emphasis on compensation elements linked to performance and achieve the compensation policy's objective (see "Executive Compensation Policy Objective" above). The following table presents, for fiscal 2013, the components of executive compensation and, for each NEO, the approximate relative weight of fixed and variable compensation elements:

Position	Fixed Compensation	Variable Compensation		
	Base Salary	Annual Incentive (bonus) ⁽¹⁾	Long-Term Incentive (options) ⁽²⁾	Long-Term Incentive (PSUs) ⁽³⁾
Chief Executive Officer	33%	67%	–	–
Executive Vice President Finance and Administration, and Secretary	32%	29%	27%	12%
President and Chief Operating Officer	32%	29%	27%	12%
President and Chief Operating Officer Cheese Division (USA)	34%	25%	28%	13%
President and Chief Operating Officer Dairy Division (Canada)	34%	25%	28%	13%

Base Salary

The base salary component of executive compensation aims to reflect salaries offered for positions involving similar responsibilities and complexity, internal equity comparisons, as well as the ability and experience of the Company's executive officers. Competitive salaries enable the Company to attract and retain talented individuals who can ensure its current and long-term success.

For NEOs, individual performance is measured based on the achievement of objectives determined annually by the executive together with the Chief Executive Officer and, with respect to the Chief Executive Officer, with the Corporate Governance and HR Committee. Reference is made to the section entitled "Position Descriptions" for a description of the annual review process of the Chief Executive Officer's performance.

No significant changes were made to the base salary of executive officers in fiscal 2013, except as outlined below, as base salary was generally in line with the compensation policy objective of being competitive with the third quartile of salaries paid by the companies forming part of the relevant comparative group. On April 1, 2012, Mr. Dello Sbarba was appointed President and Chief Operating Officer. His base salary for fiscal 2013 was increased to better reflect his new position and is competitive with the third quartile of salaries paid by companies in the 2013 Combined Group. On April 1, 2012, Mr. Spinelli was appointed President and Chief Operating Officer, Dairy Products Division (Canada). His base salary for fiscal 2013 was also increased to better reflect his new position, and is competitive with the median of salaries paid by companies in the 2013 CDN Comparative Group.

Annual Incentive (Bonus)

The annual incentive (bonus) plan aims to encourage the achievement of financial performance targets and reward the executive officers based on the Company's success. The annual bonus of the executive officers is based solely on the financial performance of the Company or of the relevant division, as the Corporate Governance and HR Committee considers that such performance is closely related to and reflects the officers' individual performance. Each year, the Committee determines the financial performance targets which are used for the calculation and payment of bonuses, and the bonus amount that would be paid to each executive officer for achieving such performance, as well as the maximum bonus amount that would be paid to each executive officer should the targets be exceeded.

For fiscal 2013, as in previous years, financial performance was based on the level of achievement of the earnings before interest, income taxes, depreciation, amortization, acquisition and restructuring costs ("EBITDA") realized after adjustments described below ("Adjusted EBITDA") when compared to the EBITDA set forth in the fiscal 2013 budget approved by the Board ("Budgeted EBITDA"). When determining the budgets, Management establishes assumptions with respect to market factors that have an impact on the Company's results. These include the average block market per pound of cheese, the spread (being the relationship between the average block market per pound of cheese and the cost of milk as raw material), as well as the whey market price. Such market factors and their impact on the Company's results are discussed in the Management's Discussion and Analysis accompanying the Company's financial statements.

In order to determine the level of achievement of EBITDA realized by the Company compared to the Budgeted EBITDA for purposes of the bonus calculation, the Company adjusts EBITDA realized to take into consideration the assumptions used when preparing the Budgeted EBITDA. The Adjusted EBITDA therefore excludes the impact of market factors that have an effect on EBITDA, but on which the executive officers have no control. Bonuses are therefore paid based on the level of achievement of Adjusted EBITDA when compared to Budgeted EBITDA.

Under the annual incentive (bonus) plan, a bonus can only be paid if at least 85% of the Budgeted EBITDA is met by the Company, or the relevant division, depending on the executive officer. Similarly, the maximum bonus amount can only be earned if the Company, or the relevant division, meets or exceeds 105% of Budgeted EBITDA. Bonus payments are made proportionately to the level actually achieved above 85% of Budgeted EBITDA until the maximum of 105% of Budgeted EBITDA. In connection with its responsibilities as compensation committee, the Corporate Governance and HR Committee has discretion to either award compensation absent the achievement of the performance goals established or to reduce or increase the size of any payout. Such discretion was not exercised during fiscal 2013 with respect to NEOs.

For fiscal 2013, payout percentages established for the bonuses to be awarded to NEOs for threshold (85% of the financial performance target), target (100% of the financial performance target) and superior performance (105% of the financial performance target or more) are set out below.

Name	% of Base Salary		
	Threshold (85% financial performance target)	Target (100% financial performance target)	Maximum (105% financial performance target or more)
Lino A. Saputo, Jr.	150%	200%	250%
Louis-Philippe Carrière	70%	90%	120%
Dino Dello Sbarba	70%	90%	120%
Terry Brockman	55%	75%	100%
Lorenzo Spinelli	55%	75%	100%

For fiscal 2013, the payout percentages for threshold performance (85% of the financial performance target) were increased from 55% to 70% of base salary, for target performance (100% of the financial performance target) were increased from 75% to 90% of base salary, and for superior performance (105% of the financial performance target or more) were increased from 100% to 120% of base salary, for both the Executive Vice President, Finance and Administration, and Secretary, and the President and Chief Operating Officer. For these two NEOs, the annual incentive (bonus) opportunity for target performance is now more in line with the third quartile of the 2013 Combined Group. For the other NEOs, the annual incentive (bonus) opportunity for target performance is competitive with the median of bonus plans offered by the companies forming part of the 2013 Combined Group, except for the Chief Executive Officer, for whom the opportunity, identical to that for fiscal 2012, is slightly above the third quartile, but whose total compensation remains at the first quartile, due to the fact that he does not receive long-term incentive grants, as further detailed below.

Long-Term Incentive Plans

The Company's long-term incentives are comprised of options and PSUs.

Equity Compensation Plan

Option grants are a key component of the compensation mix and serve to align executive compensation with the Company's shareholders' interests. Options are granted by the Corporate Governance and HR Committee to executive officers and other key executives pursuant to the terms of the Equity Compensation Plan and the guidelines established by the Committee. For participants who receive their compensation in US dollars, grants of options are established as per the same guidelines as for participants who receive their compensation in Canadian dollars. These option grant guidelines are established by the Committee as part of its annual review of the compensation

policy, taking into account the competitiveness of total compensation and compensation practices within the 2013 Combined Group, market trends, as well as the Company's pay-for-performance philosophy. Refer to the section entitled "Decision Making Process and Compensation Consulting Services" for a discussion on the involvement of executive officers in the Equity Compensation Plan.

The Equity Compensation Plan's objective is to attract and retain quality executive officers while promoting long-term profitability and maximizing shareholder value. Option grants made from time to time by the Corporate Governance and HR Committee pursuant to the Equity Compensation Plan are expressed as a percentage of a participant's salary, which is determined based on the participant's position and responsibility level, without taking into account the number of options already held by such participant. On April 1, 2013, the Corporate Governance and HR Committee granted options to plan participants based on the guidelines established by the Committee. Refer to the section "Securities Authorized for Issuance under Equity Compensation Plans" for a discussion of the terms and conditions relating to the options, including exercise price and vesting conditions.

Performance Share Unit Plan

In March 2012, the Corporate Governance and HR Committee established the PSU Plan for senior managers of the Company and its subsidiaries. The PSU Plan is non-dilutive and is settled in cash only. The purpose of the PSU Plan is to attract and retain quality senior managers while promoting long-term profitability and maximizing shareholder value.

Under the PSU Plan, each performance cycle shall consist of three financial years of the Company (a "Performance Cycle"). At the time of grant, the Committee determines the vesting criteria (the "Vesting Criteria") which must be met by the Company. Such Vesting Criteria may include (i) a performance criteria for each financial year ("Annual Objectives") during a Performance Cycle and (ii) a performance criteria for a complete Performance Cycle (the "Cycle Objectives"). Following completion of a Performance Cycle, the PSUs for which the Vesting Criteria have been achieved will vest and be paid-out to the participants. The Corporate Governance and HR Committee has discretion to award compensation absent the achievement of the Vesting Criteria established. Such discretion was not exercised during fiscal 2013.

The value that will be paid-out at the end of a Performance Cycle will be the price of the Common Shares at such time, multiplied by the number of PSUs for which the Vesting Criteria have been achieved. Participants will be entitled to receive a payment in cash only. The determination with respect to the achievement of the Vesting Criteria, the calculation of the value to which the participants will be entitled and the payment thereof will be made after the release of the annual financial results of the Company which follow the end of each Performance Cycle.

The PSU Plan provides certain rules, subject to the discretion of the Corporate Governance and HR Committee, for the vesting and/or cancellation of PSUs in the case of termination of employment for cause or for a serious reason, by reason of death, injury or disability, by reason of retirement and other circumstances of termination.

The PSU Plan further provides that in the event of a change of control, the Board has discretion with respect to the treatment of PSUs which is similar to that conferred to the Board under the Equity Compensation Plan. A change of control pursuant to the PSU Plan is defined in the same manner as in the Equity Compensation Plan. See "Securities Authorized for Issuance under Equity Compensation Plans".

Long-Term Incentive Component for Fiscal 2013

For fiscal 2013, the long-term incentive component for NEOs was benchmarked against the 2013 Combined Group. When comparing the value of the long-term incentive to the 2013 Combined Group, the Committee determined it was competitive with the first quartile of such group, which is significantly below the Company's compensation objective. Therefore, for fiscal 2013, the estimated fair value of the long-term incentive component was set at 125% of the NEO's base salary, which represents between the first quartile and the median of the 2013 Combined Group. The long-term incentive component, formerly composed solely of options, is now comprised of a combination of 70% options and 30% PSUs. For fiscal 2013, this translated to NEOs receiving nominal value grants equivalent to 350% of their base salary in options and 38% of their base salary in PSUs. The Chief Executive Officer does not receive any long-term incentives as his interest in the principal shareholder constitutes a sufficient long-term incentive.

Total Direct Compensation

Total direct compensation of the NEOs, other than the Chief Executive Officer, represents the sum of salary, target annual bonus, pension value and estimated fair value of the long-term incentive grants, and is competitive with the median to third quartile of the relevant comparative group. The total direct compensation of the Chief Executive Officer, who does not receive any long-term incentives, is competitive with the first quartile of the 2013 Combined Group.

Group Insurance Benefits

The Company's intention is to protect its employees and their families against adverse effects resulting from health-related complications. Consequently, as part of their total compensation, the NEOs participate in the Company's group health, medical, accidental death and dismemberment, short-term and long-term disability, and life insurance plans on the same basis as all of the Company's employees.

NEOs' Salary and Incentive Awards for Fiscal 2013

For fiscal 2013, the NEOs' base salaries were increased to reflect new appointments, market salary adjustments and the NEOs' respective experience in their current position, the evolution of their skills and their performance against expectations (see "Base Salary" above).

The table below sets forth, for each NEO for fiscal 2013, the level of achievement reached by the Company or the relevant division with respect to the financial performance objectives established, and the bonus earned. As discussed above under "Annual Incentive (bonus)", bonuses depend on the Adjusted EBITDA realized by the Company, or the relevant division, compared to the applicable Budgeted EBITDA. Reference is made to the section entitled "Annual Incentive (bonus)" for a discussion of the payout percentages established for bonuses to be awarded, the financial performance target used for the determination of the bonuses, the process to establish the Adjusted EBITDA and Budgeted EBITDA, and the description of adjustments made to take into consideration the impact of market factors on which the NEOs have no control.

Name	Financial Performance Target Used	Level of Achievement	Fiscal 2013 Bonus Earned as a % of Salary
Lino A. Saputo, Jr.	Consolidated Budgeted EBITDA	99.6%	198.7%
Louis-Philippe Carrière	Consolidated Budgeted EBITDA	99.6%	89.5%
Dino Dello Sbarba	Consolidated Budgeted EBITDA	99.6%	89.5%
Terry Brockman	US Budgeted EBITDA	100%	75.0%
Lorenzo Spinelli	Canada Budgeted EBITDA	98.0%	72.3%

On April 1, 2012, the Corporate Governance and HR Committee granted options to all the NEOs, with the exception of the Chief Executive Officer, pursuant to the Equity Compensation Plan and the option grant guidelines established for fiscal 2013. The number of options granted represented 350% of their base salary divided by the options' exercise price of \$42.96 per Common Share. No options were granted to the Chief Executive Officer, as his interest in the principal shareholder constitutes a sufficient long-term incentive. All options granted on April 1, 2012 vest at a rate of 20% per year, on each of the first five anniversaries of the date of grant. See "Long-Term Incentive Plans" above.

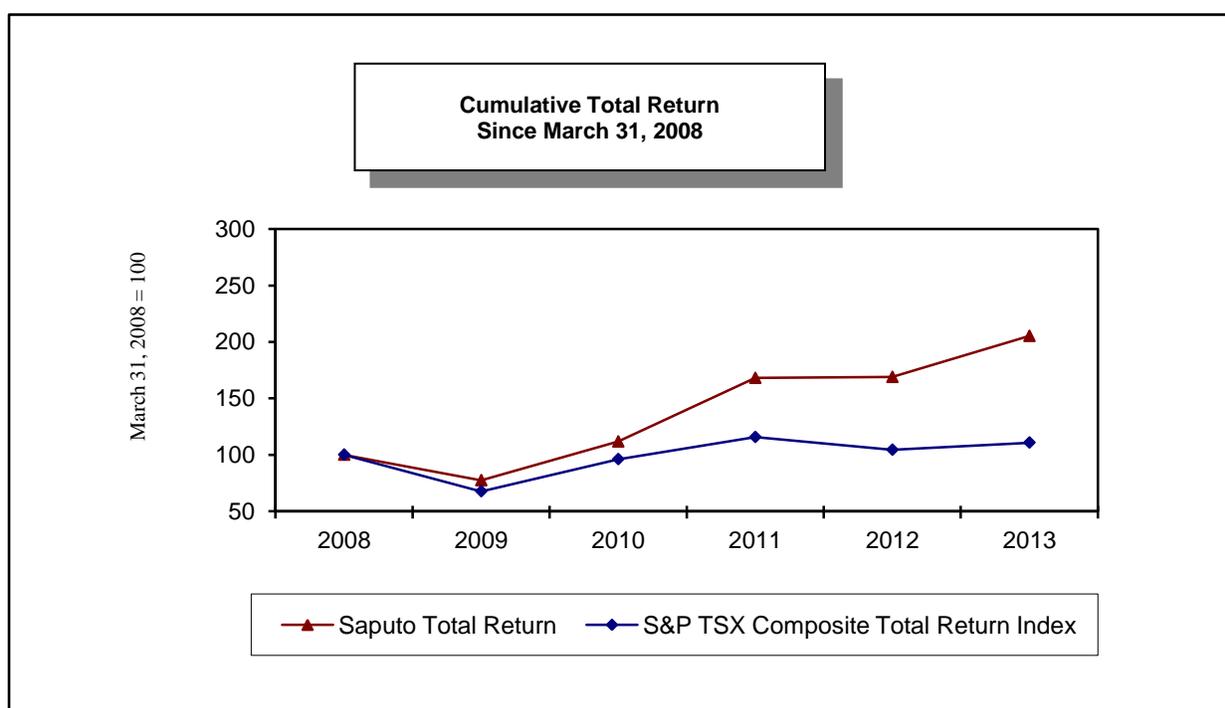

On April 1, 2012, the Corporate Governance and HR Committee granted PSUs to all the NEOs, with the exception of the Chief Executive Officer, pursuant to the PSU Plan and the PSU grant guidelines established for fiscal 2013. The number of PSUs granted represented 38% of their base salary divided by the PSU value of \$42.96 per PSU. The PSUs were granted for a cycle of three years ending March 31, 2015 and will vest and be paid-out to the participants at the end of the three-year cycle if the following Vesting Criteria is met:

- (i) 33 1/3% of the number of PSUs granted for each fiscal year of the cycle for which the return on average shareholders' equity of Saputo Inc. \geq 18% (the Annual Objective);
- (ii) it being understood that 100% of the PSUs granted will vest if the cumulative return on average shareholders' equity of Saputo Inc. for the cycle \geq 54% (the Cycle Objective).

After considering various alternatives with respect to the performance criteria which could be attached to the PSUs, the Corporate Governance and HR Committee selected the return on average shareholders' equity as the Vesting Criteria for the April 1, 2012 PSU grant. This Vesting Criteria is in line with the Company's pay for performance philosophy and aims to encourage executive officers to establish strategies aimed at increasing share value and creating economic wealth.

Performance Graph

The following graph compares, on a yearly basis, the total cumulative shareholder return of \$100 invested in Common Shares with the cumulative return on the S&P/TSX Composite Total Return Index of the TSX during the five fiscal years ending March 31, 2013 (assuming all dividends are reinvested).

	3/31/08	3/31/09	3/31/10	3/31/11	3/31/12	3/31/13
SAPUTO TOTAL RETURN (\$)	100	77	112	168	169	205
S&P TSX COMPOSITE TOTAL RETURN INDEX (\$)	100	68	96	116	104	111

The NEOs' compensation is determined in accordance with the principles set forth above and is not specifically based on the performance of the Company's Common Shares on the TSX due to the fact that the price of the Common Shares is affected by external factors beyond the Company's and the NEOs' control. Consequently, the Company cannot establish a direct relation between the evolution of the total compensation of the NEOs and the evolution of the price of the Common Shares since 2008. During the period covered by the graph, NEOs' salaries have been adjusted to reflect their respective scope of responsibilities, experience and contribution to the Company's success, as well as the evolution in comparative groups used and the progression in compensation practices of the relevant comparative groups. Annual variable compensation is linked to the Company's annual operational financial performance during the period. However, option awards, being entirely dependent on the price of the Common Shares, link the NEOs' potential rewards, to a certain extent, with the Common Shares' price performance during and beyond this period. The award date value of

option and PSU awards included in NEOs' total annual compensation does not reflect their final payout value. NEOs' final total rewards are contingent upon the Company's operational, financial and Common Share price performance during and beyond this period.

NEO Summary Compensation Table

The following table provides a summary of compensation earned during the fiscal years ended March 31, 2013, 2012 and 2011, as salary, bonus, long-term incentives, pension or otherwise, by the NEOs, being the CEO, CFO and the three most highly compensated executive officers of the Company. Certain aspects of this compensation are dealt with in greater detail in the following tables.

(1) This amount corresponds to the fair value of the PSU award on the grant date and equals the number of PSUs granted on April 1, 2012 multiplied by the volume weighted average trading price for the common shares on the TSX during the five trading days prior to such date.

(2) This amount equals the number of options granted on April 1, 2012 multiplied by \$10.26 (\$8.96 for April 1, 2011 and \$6.28 for April 1, 2010), which corresponds to the fair value of the option awards as determined under the Black-Scholes model, an established methodology, using the weighted average assumptions indicated below. The option-based award values for 2011 have been revised to reflect the change in the installment allocation under the Black-Scholes valuation method used in accordance with

International Financial Reporting Standards. For more information, see note 12 of the Company's financial statements for the fiscal year ended March 31, 2013.

(1) This value corresponds to the difference between the closing price of the Common Shares on March 28, 2013, on the TSX (\$51.58) and the exercise price. This value has not been, and may never be, realized. The actual gain, if any, will

depend on the value of the Common Shares on the dates the options are exercised relative to the exercise price (see “Long-Term Incentive Plans”).

- (2) This value corresponds to the number of PSUs granted on April 1, 2012 multiplied by the closing price of the Common Shares on March 28, 2013, on the TSX (\$51.58). This value has not been, and may never be, realized. The actual gain, if any, will depend on the attainment of the Vesting Criteria and the value of the Common Shares on the date the vested PSUs will be paid out (see “Long-Term Incentive Plans”).

The following table presents, for each NEO, the value of incentive plan awards that have become vested during fiscal year 2013 and the amount of bonus earned with respect to the performance achieved during fiscal year 2013:

Incentive Plan Awards – Value Vested or Earned During the Year			
Name	Option-Based Awards – Value Vested During the Year ⁽¹⁾ (\$)	Share-Based Awards – Value Vested During the Year ⁽²⁾ (\$)	Non-Equity Incentive Plan Compensation – Value Earned During the Year ⁽³⁾ (\$)
Lino A. Saputo, Jr.	–	–	2,185,700
Louis-Philippe Carrière	834,587	–	581,666
Dino Dello Sbarba	938,718	–	715,896
Terry Brockman	654,082	–	452,253
Lorenzo Spinelli	294,665	–	307,403

(1) The options automatically vest at a rate of 20% per year, on each of the first five anniversaries of their date of grant. This value corresponds to the difference between the closing price of the Common Shares on the TSX (\$43.77) on April 2, 2012, which is the first business day following the vesting date of April 1, 2012, and the exercise price. This value has not been, and may never be, realized. The actual gain, if any, will depend on the value of the Common Shares on the dates the options are exercised (see “Long-Term Incentive Plans”).

(2) Pursuant to the PSU Plan, PSUs vest at the end of a Performance Cycle. The first grant under the PSU Plan was made on April 1, 2012 and will only vest after the end of the Performance Cycle ending March 31, 2015, subject to achieving the Vesting Criteria (see “Long-Term Incentive Plans”).

(3) Corresponds to the same amount as disclosed in the “NEO Summary Compensation Table”.

Defined Benefit Pension Plan

All NEOs, except the Chief Executive Officer, participate in the Company’s registered and supplementary retirement plans (together the “Pension Plans”). The registered retirement plan in which Messrs. Louis-Philippe Carrière and Dino Dello Sbarba participate is a Non-Contributory Canadian Registered Defined Benefit Pension Plan, the registered retirement plan in which Mr. Lorenzo Spinelli participated until March 31, 2013 is a Contributory Canadian Registered Defined Contribution Pension Plan and the registered retirement plan in which Mr. Terry Brockman participates is a Contributory 401(K) pension plan registered in the US. The supplementary retirement plan for each eligible NEO is a Canadian non-registered Executive Supplementary Retirement Pension Plan providing pension benefits in excess of the benefits provided under the applicable registered retirement plan.

Under the Pensions Plans, the participants are entitled to retirement benefits as of their respective normal retirement age ("NRA") equal to 2% of their respective final average earnings multiplied by their respective years of credited service. Final average earnings are equal to the base salary earned for the 36 consecutive months within the 10-year period preceding the retirement date during which the average is at its highest. The credited years of service correspond to the service period following January 1, 2004. However, each participant who adhered to the supplementary retirement plan on January 1, 2004, is accruing a pension equal to 3% of their respective final average earnings multiplied by their respective years of credited service. The NEOs in this situation are Messrs. Carrière and Dello Sbarba.

The Pension Plans' NRA is 65. However, a member can retire starting at age 55, in which case pension benefits will be reduced by $\frac{1}{4}$ of 1% for each month the actual retirement date precedes the normal retirement date.

If a participant has a spouse at the time of retirement, the benefit payable to his spouse will be on the basis of a joint and surviving spouse annuity, reduced to 60% upon his death. Otherwise, the normal form of payment will be a lifetime pension guaranteed for ten years.

The following table illustrates, for each NEO, the eligible years of service and estimated annual retirement benefits payable at age 65 accrued as of March 31, 2013, and which will accrue if the participant remains employed by the Company until age 65, from the registered retirement plan and supplementary retirement plan combined. The table also sets forth the changes in the accrued obligation from March 31, 2012, to March 31, 2013, including the annual cost attributable to compensatory items for the fiscal year 2013. These amounts were calculated using the same actuarial assumptions used for determining the accrued pension obligation at year-end presented in the Company's financial statements for the fiscal year ended March 31, 2013, in accordance with accounting principles used by the Company. For more information, see note 17 of the Company's financial statements for the fiscal year ended March 31, 2013.

(1) Mr. Lorenzo Spinelli participates in the supplementary retirement plan effective April 1, 2012. For fiscal 2013, the employer contribution pursuant to Mr. Spinelli's participation in the Contributory Canadian Registered Defined Contribution Pension Plan was \$18,311 and the value accumulated in such plan over fiscal 2013 was \$26,563. Mr. Spinelli began participating in the Non-Contributory Canadian Registered Defined Benefit Pension Plan effective April 1, 2013.

Retirement benefits earned under the Pension Plans are first payable from the Non-Contributory Canadian Registered Defined Benefit Pension Plan, the Contributory Canadian Registered Defined Contribution Pension Plan or the Contributory 401(K) pension plan, as per their respective terms and conditions, as applicable. Any incremental benefits are payable from the Executive Supplementary Retirement Pension Plan. The obligations accumulated in the Non-Contributory Canadian Registered Defined Benefit Pension Plan, the Contributory Canadian Registered Defined Contribution Pension Plan and the Contributory 401(K) pension plan are being funded. However, the Company's obligations under the Executive Supplementary Retirement Pension Plan will be paid as they become due. The Company's total obligations under the Pension Plans are expensed annually for accounting purposes in accordance with accounting principles used by the Company.

TERMINATION OF EMPLOYMENT AND CHANGE OF CONTROL

There is no contract, arrangement or any other understanding with respect to employment, termination of employment, a change of control or a change in responsibilities following a change of control, between the Company and any of the Company's NEOs, except as discussed under the section entitled "Elements of Executive Compensation — Long-Term Incentive Plans — Performance Share Unit Plan" and "Securities Authorized for Issuance under Equity Compensation Plan".

SECURITIES AUTHORIZED FOR ISSUANCE UNDER EQUITY COMPENSATION PLANS

The following table sets out the only equity compensation plan (the “Equity Compensation Plan”) previously approved by security holders as of March 31, 2013, under which equity securities of the Company are authorized for issuance:

Equity Compensation Plan Information			
Plan Category	Number of Securities to Be Issued Upon Exercise of Outstanding Options, Warrants and Rights (a)	Weighted-Average Exercise Price of Outstanding Options, Warrants and Rights	Number of Securities Remaining Available for Future Issuance Under the Equity Compensation Plan (Excluding Securities Reflected in Column (a))
Equity Compensation Plan approved by security holders	8,375,931	\$30.78	11,261,164

On April 1, 2013, the Corporate Governance and HR Committee granted an aggregate of 2,065,269 options to participants under the Equity Compensation Plan at an exercise price of \$51.10 per share, which represents approximately 1% of the outstanding Common Shares as of such date.

The following text presents a summary of the main characteristics of the Equity Compensation Plan established to attract and retain experienced and competent employees and officers, and to encourage share ownership by such persons.

The Company has an Equity Compensation Plan for full-time employees and officers of the Company and its subsidiaries. The terms, exercise price and number of Common Shares covered by each option, as well as the vesting periods of such options, are determined by the Corporate Governance and HR Committee at the time the options are granted. The Equity Compensation Plan for options granted prior to July 31, 2007, provided that the exercise price may not be less than the closing price of the Common Shares on the TSX on the business day immediately preceding the date of grant. For options granted thereafter, the Equity Compensation Plan provides that the exercise price may not be less than the volume weighted average trading price for the five trading days immediately preceding the date of grant. Options granted under the Equity Compensation Plan may not be assigned, and expire ten years from the date of grant, provided that should the expiration date for an option fall within a blackout period or within nine business days following the expiration of a blackout period, such expiration date shall be automatically extended to the tenth business day after the end of the blackout period. Options which have been granted pursuant to the Equity Compensation Plan vest over a five-year period at a rate of 20% per year. The exercise price can be paid in cash or through a “broker cashless exercise” procedure, whereby the reserve of Common Shares is deducted in full accordingly. The maximum number of Common Shares which may be optioned in favour of any single individual shall not exceed 5% of the total number of outstanding Common Shares. The maximum number of Common Shares which may be issuable at any time to

insiders of the Company shall not exceed 10% of the total number of outstanding Common Shares at such time. Moreover, the maximum number of Common Shares issued to insiders of the Company within any one-year period shall not exceed 10% of the total number of outstanding Common Shares at such time.

In addition, the Equity Compensation Plan provides that, where an optionee's employment terminates for cause or for a serious reason, the vested portion of an option may not be exercised from the date of termination of such employment. Where an optionee's employment terminates by reason of death, injury or disability, the vested portion of an option at the date of termination of employment may be exercised within 180 days after such date or prior to the expiration of the original term of the option, whichever occurs first. Where an optionee's employment terminates by reason of retirement, and the optionee's age and his/her number of years of service total 70 years or more, taking into account only whole years, the vested portion of an option at the date of termination of employment and the portion of an option to be vested within two years following such date may be exercised within 90 days after the expiration of such two-year period or prior to the expiration of the original term of the option, whichever occurs first. In all other circumstances of termination, the vested portion of an option at the date of termination of employment may be exercised within 90 days after such date or prior to the expiration of the original term of the option, whichever occurs first.

The Equity Compensation Plan authorizes the Board to make certain amendments without shareholder approval, including, without limitation, the following types of amendments:

- (i) any limitations of conditions on participation in the Equity Compensation Plan (other than to the eligibility for participation);
- (ii) any amendment to any terms upon which options may be granted and exercised, including but not limited to, the terms relating to the amount and payment of the option price, vesting, expiry and adjustment of options, or the addition or amendment of terms relating to the provision of financial assistance to optionees or of any cashless exercise features;
- (iii) any amendment to the Equity Compensation Plan to permit the granting of deferred or restricted share units under the Equity Compensation Plan or to add or to amend any other provisions which would result in participants receiving securities of the Company while no cash consideration is received by the Company;
- (iv) any change that is necessary or desirable to comply with applicable laws, rules or regulations of any stock exchange on which the shares of the Company are listed;
- (v) any correction or rectification of any ambiguity, defective provision, error or omission in the Equity Compensation Plan or in any option;
- (vi) any amendment to the definitions contained in the Equity Compensation Plan and any other amendments of a clerical nature; and
- (vii) any amendment to the terms relating to the administration of the Equity Compensation Plan;

provided that such amendments to the terms of any previously granted option may not lead to significant or unreasonable dilution in the Company's outstanding securities or provide additional benefits to eligible participants, especially insiders, at the expense of the Company and its existing security holders, in which case approval of the shareholders of the Company must be obtained.

The approval of the shareholders of the Company is required if the amendment to the Equity Compensation Plan relates to the following:

- (i) any amendment to increase the maximum number of Common Shares issuable under the Equity Compensation Plan, except for adjustments in the event that such Common Shares are subdivided, consolidated, converted or reclassified by the Company or that any other action of a similar nature affecting such Common Shares is taken by the Company;
- (ii) any amendment to reduce the exercise price or purchase price of any option;
- (iii) any amendment to extend the term of any option;
- (iv) any amendment to make a change to the class of persons eligible to participate under the Equity Compensation Plan; and
- (v) any amendment which would permit any option granted under the Equity Compensation Plan to be transferable or assignable, other than by will or under succession laws (estate settlement);

provided that Common Shares held directly or indirectly by insiders benefiting from the amendment in (ii) and (iii) shall be excluded when obtaining such shareholder approval.

The Equity Compensation Plan provides that in the event of (i) a proposed amalgamation, merger or consolidation of the Company; (ii) a proposed liquidation, dissolution or winding-up of the Company; (iii) an offer to purchase the Common Shares or any part thereof made to all holders of Common Shares; or (iv) a change of control, the Board may (i) provide for the substitution, replacement or assumption of options granted by the acquiring or surviving entity; (ii) terminate the options outstanding, other than the options already vested; (iii) make options exercisable in full; or (iv) change the vesting conditions and the expiration date of the options. A change of control under the Equity Compensation Plan consists of (i) a sale of all or substantially all of the assets of the Company and its subsidiaries; or (ii) a sale, directly or indirectly, resulting in more than 50% of the Common Shares being held, directly or indirectly, by another person (other than a wholly-owned subsidiary of the Company).

As of May 24, 2013, of the 22,749,130 Common Shares authorized for issuance under the Equity Compensation Plan, 3,364,385 Common Shares had been issued (or 1.7% of the Common Shares outstanding at such date), there were 10,181,814 options outstanding (representing 10,181,814 Common Shares or 5.2% of the Common Shares outstanding at such date) and 9,202,931 options remaining available for future grants (representing 9,202,931 Common Shares or 4.7% of the Common Shares outstanding at such date). Of the 10,181,814 options outstanding as of May 24, 2013, 4,911,462 options were exercisable and 5,270,352 will vest at a rate of 20% per year, on each of the first five anniversaries of their date of grant.
